

42U FileMaker Programming Challenge

Rock, Paper, Scissors, Lizard, Spock

Your assignment is to build a FileMaker app that can play Rock, Paper, Scissors, Lizard, Spock.

The basic rules and requirements are as follows:

- The user plays against another user, or against the computer
- Game sessions should be won or lost based on best of 5 games
- The app should manage the games and winners

Extra Credit:

- Track how many times each option was used
- Track “most likely” selected option by opponent
